

Terms & Conditions

Participation in the present competition held by Karger Publishers (hereinafter referred to as the “**Organizer**”) depends exclusively on the following conditions of participation.

Procedure of the Competition

Entries will be accepted until August 12, 2021 (COB 21:00). Up until this deadline those wishing to participate will be able to submit their entries via mail to events@karger.com with the subject “2021 Filmmaking Marathon”.

Participation

In order to participate, please tell us why you should be one of the five people to participate in the 5th Science Filmmaking Marathon and send your answer to us. Participation is only possible within the period of time stated above. E-mails received after the closing date will not be entered into the draw.

Only one entry per participant may be entered into the draw. It is not permissible to increase your chances of winning by using several email addresses. Participants with multiple entries will be disqualified.

Participation in the competition is **free of charge**.

Eligibility

Postdocs, PhD, and Master students in science enrolled at any Swiss higher education institution are eligible to participate. Participation is not restricted to the customers of the Organizer and does not depend on the purchase of goods or services.

Not eligible to enter the competition are all other people including those who are involved in the planning and implementation of the competition as well as employees of the Organizer and their family members. The Organizer, moreover, reserves the right to exclude persons from participation at its discretion if there are reasonable grounds to believe that, for example, there has been: (a) manipulation relating to access to or the carrying out of the competition, (b) violation of the conditions of participation, (c) unfair activities or (d) wrong or misleading information in the context of a participation in the competition.

Prizes, Notification, and Delivery

The following prizes will be awarded:

5 Tickets for the 5th Filmmaking Marathon

The competition will run from July 14, 2021.

The draw for the prize will take place on August 13, 2021. The winners will be notified by e-mail.

If a winner of any of the prizes fails to contact us within a period of 1 week after having been requested twice by us to do so, the winner waives his or her right to any claims related to the competition. In such a case, the prize will be awarded to another participant.

Cancellation of the Competition

The Organizer explicitly reserves the right to terminate the competition without prior notice and without giving any reasons. This right applies in particular in the event of any occurrence that threatens to disrupt the competition or to prevent it from being carried out as planned.

Data Protection

To participate in the competition, participants will need to provide personal data. The participant agrees, and warrants that the personal information he/she provides particularly in respect of his/her first and family names and email address are true and correct.

Personal data relating to a participant will not be passed on to a third party and will not be used for any purpose if not strictly in relation with the present competition without obtaining the prior consent of the participant.

The participant can withdraw his/her consent at any time by writing to events@karger.com, whereupon all collected and stored data held by the Organizer and relating to the participant will immediately be deleted.

This competition is being held by the Organizer in full accordance with the current laws of the Swiss Confederation. Place of the competition is Basel, Switzerland.

The decision of the Organizer in connection with this competition is final.

Severability Clause

Should one of these conditions be, or become, totally or partly invalid, the validity of all the other conditions of participation will not be affected. Instead of the condition which has become invalid, the regulation that is permitted under Swiss law and which is commercially closest to the meaning and purpose of the invalid condition will apply. The same principle applies, should there be a loophole in these conditions of participation.

The team at Karger Publishers wishes you the best of luck!
